KIPP is launching its seventh KIPP Leadership Design Fellowship, a six-month program designed for senior leaders of public school districts, charter school systems, and leadership training organizations to provide intensive training on KIPP's leadership development model. The fellowship, run by the KIPP School Leadership Programs (KSLP), provides an opportunity for participants to get an in-depth look at KIPP's principal selection, leadership development, and leadership support model. In addition, participants will have the opportunity to learn about a variety of other innovative school leadership models around the country through consultancies and join a cohort of reform-minded education leaders through three interactive summits held over a multi-day period.

**Summit I: Defining Excellence in Leadership**
January 15-17, 2020 in Atlanta, GA
*(TRAVEL DAY ON TUESDAY, JANUARY 14, 2020)*
Participants will explore KIPP’s theory of leadership development, leadership competencies, and school leader progression. Participants will join in a school visit experience, while also digging into content such as leading through change.

**Summit II: Selecting Excellence in Leadership**
March 30–April 1, 2020 in Houston, TX
*(TRAVEL DAY ON SUNDAY, MARCH 29, 2020)*
Participants will explore effective practices in creating a leadership pipeline and recruiting talented candidates. Sessions will focus on designing a selection process that reflects organizational values and aligned leadership competencies. Participants will also observe a portion of a regional principal selection event.

**Summit III: Developing Excellence in Leadership**
June 24-26, 2020 in Chicago, IL
*(TRAVEL DAY ON TUESDAY, JUNE 23, 2020)*
Participants will explore effective practices in adult learning and formal programming components including residency experiences. Participants will also join in a portion of KSLP Summer Institute to experience leader development first-hand.

All summits will involve training on Leading for Racial Equity and will also provide time for each participant to engage in an individualized consultancy with a small group of peers.

**Costs**
All content-related costs (tuition, materials, meals during summits) will be **fully** paid for by the KIPP Foundation. The KIPP Foundation will also pay for 3 nights of hotel and round trip flights (up to $400) per participant, per summit. Any additional travel costs must be covered by participants.

97% of fellows said their experience was “Extremely Valuable” and 100% said they “would recommend the program to others.”
